

Dear Mr. Scott,

Just a little note to
thank you for your kindness
and understanding that you
gave Kevin.

Kevin was very nervous
when he found out that
he had to have two
extractions, before he could
have his brace fitted.

Kevin wants you to know
that you took away his
fear of extractions and
he also said that he
wouldn't have just let
any Dentist do what you
did. Thank you again.
