Dear Mr. Scott

Having completed a prolonged period of treatment by you, I wish to say how much I appreciate the care & concern you have shown, particularly at trying times when things were not wholly straightforward - not your fault, I hasten to add. Thank you.

I also include in this tribute, Mrs. J. Scott & your support team for their courtesy & unfailing kind professionalism.

I have in the past recommended friends & acquaintances to consult you & of course several members of my family who wish to be associated with this letter

expressing esteem.

Many good wishes for
your continued success,

Yours sincerely,

Gileen M. Wade.
